INTRODUCTION

This guide to safeguarding policy, procedures and best practice has been put together using the Baptist Union Model Policy for Safeguarding.
It shall be reviewed annually by the church's leadership and charity trustees.

DEFINITIONS OF TERMS

For the purpose of this guide, the term 'child' refers to anyone under the age of 18 years.

There is no standard single definition for an adult at risk, so for our policy we are using the following simple definition taken from Thirtyone:eight:

'Any adult aged 18 or over who due to disability, mental function, age, illness or traumatic circumstances may not be able to take care or protect themselves against the risk of significant harm, abuse, bullying, harassment, mistreatment or exploitation'.

A worker at CCBC is defined as someone who regularly works with children or adults at risk of harm, in activities organised and overseen by CCBC

DPS refers to the Designated Person for Safeguarding.

SECTION 1 – SAFEGUARDING POLICY STATEMENT

SAFEGUARDING POLICY STATEMENT FOR CHURCH CROOKHAM BAPTIST CHURCH

Our vision

"To know Jesus Christ and make Him known to others."

The greatest thing in the world is knowing God's love, grace, peace and joy through His Son Jesus Christ. All that we seek to do at CCBC is based on getting to know Jesus Christ in a deeper way and sharing this good news with others.

The principal purpose of Church Crookham Baptist Church is the advancement of the Christian faith according to the principles of the Baptist denomination. The church may also advance education and support charitable purposes in the United Kingdom and / or other parts of the world.

In fulfilling this vision, we:

- Welcome everyone (including children, young people and adults at risk) into the life of our community.
- Run activities that include children, young people and adults at risk.
- Make our premises available to organisations working with children, young people and adults at risk.

Our safeguarding responsibilities

The church recognises its responsibilities in safeguarding all children, young people and adults at risk, regardless of gender, ethnicity or ability.

As members of this church we commit ourselves to the nurturing, protection and safekeeping of all associated with the church and will pray for them regularly. In pursuit of this, we commit ourselves to this policy and to the development of sound procedures to ensure we implement our policy well.

- **Prevention and reporting of abuse**

  It is the duty of every church member to help prevent the abuse and to respond to concerns about the well-being of children, young people and adults at risk. Any abuse disclosed, discovered or suspected will be reported in accordance with our procedures. The church will fully co-operate with any statutory investigation into any suspected abuse linked with the church.

- **Safer recruitment, support and supervision of workers**

  The church will exercise proper care in the selection and appointment of those working with children and adults at risk, whether paid or voluntary. All workers will be provided with appropriate, timely training, support and supervision to promote the safekeeping of children, young people and adults at risk.

- **Respecting children, young people and adults at risk**

  The church will expect any person who is appointed to work with children, young people and adults at risk to follow our Code of Behaviour (see page 12; 2.3), so that all are shown the respect that is due to them.

- **Safer working practices**

The church is committed to providing an environment that is as safe as possible for children, young people and adults at risk and will adopt ways of working with them that promote their safety and well-being.

- **A safer community**

  The church is committed to the prevention of bullying. The church will seek to ensure that the behaviour of any individuals who may pose a risk to children, young people and adults at risk in the community of the church is managed appropriately, following our Code of Behaviour.

- **External organisations**

  The responsibility for the safeguarding of children, young people and adults at risk by any organisation using church premises rests directly with such organisations.

Safeguarding contact points within our church

The church has appointed the following individuals to form part of the church safeguarding team:

Natasha Atkins, Designated Person for Safeguarding (DPS)
They will advise the church on any matters related to the safeguarding of children and adults at risk and take the appropriate action when abuse is disclosed, discovered or suspected.

Phone number: 01252 625742 Email address: natashaatkins29@gmail.com

Jo Lewis, Deputy Designated Person for Safeguarding (DDPS)
They will assist the Designated Person for Safeguarding (DPS) in helping the church on any matters related to the safeguarding of children and adults at risk and take the appropriate action when abuse is disclosed, discovered or suspected.

Phone number: 01252 615002 Email address: jo.lewis@mailbox.org

Terry Bateman, Safeguarding Trustee
They will raise the profile of safeguarding within the church and oversee and monitor the implementation of the safeguarding policy and procedures on behalf of the church trustees.

Phone number: 01252 690007 / 07901 854217 Email address: elders@churchcrookhambaptistchurch.org.uk

Our church Pastor (if appointed) is also an important part of the Church Safeguarding Team. Where possible, the Church Safeguarding Team will work together if and when issues arise. However, each person has a responsibility to report allegations of abuse as soon as they are raised.

Putting our policy into practice

- A copy of the safeguarding policy statement will be displayed permanently on the noticeboards in the entrance foyer and church hall. It is also available on our church website.
- Each worker with children and/or adults at risk will be given a full copy of the safeguarding policy and procedures and will be asked to sign to confirm that they will follow them.
- A full copy of the policy and procedures will be made available on request to any member of, or other person associated with the church.
- The policy and procedures will be monitored and reviewed annually by the leadership and trustees, and any necessary revisions adopted into the policy and implemented through our procedures.
- The policy statement will be shared annually at the church AGM, together with a report on the outcome of the annual safeguarding audit.

SECTION 2 - SAFEGUARDING PROCEDURES

INTRODUCTION

All church workers (paid and voluntary) who work with children and/or adults at risk should attend the BUGB Level 2 Excellence in Safeguarding training before they are able to work without supervision. Whilst waiting for Safeguarding training, new workers should read The BUGB Gateway to Level 2 Excellence in Safeguarding guide. The BUGB Level 1 Safeguarding video for the whole church should be shown during a Sunday service once a year to raise the profile of safeguarding responsibilities of everyone. Equivalent training and materials from other suitable organisations may be used instead of the BUGB ones named above if required.

2.1 PROCEDURE FOR RECOGNISING, RESPONDING TO AND REPORTING ABUSE

2.1.1 What to do if Abuse is Suspected or Disclosed

Abuse and neglect are forms of maltreatment of a child or adult at risk. Somebody may abuse or neglect a child or adult by inflicting harm, or by failing to act to prevent harm. Children and adults at risk may be abused in a range of settings, by those known to them or, more rarely, by a stranger. There are many ways in which people suffer abuse. For more information, please see Appendix 1.

Everyone has their part to play in helping to safeguard children, young people and adults at risk within the life of the church:

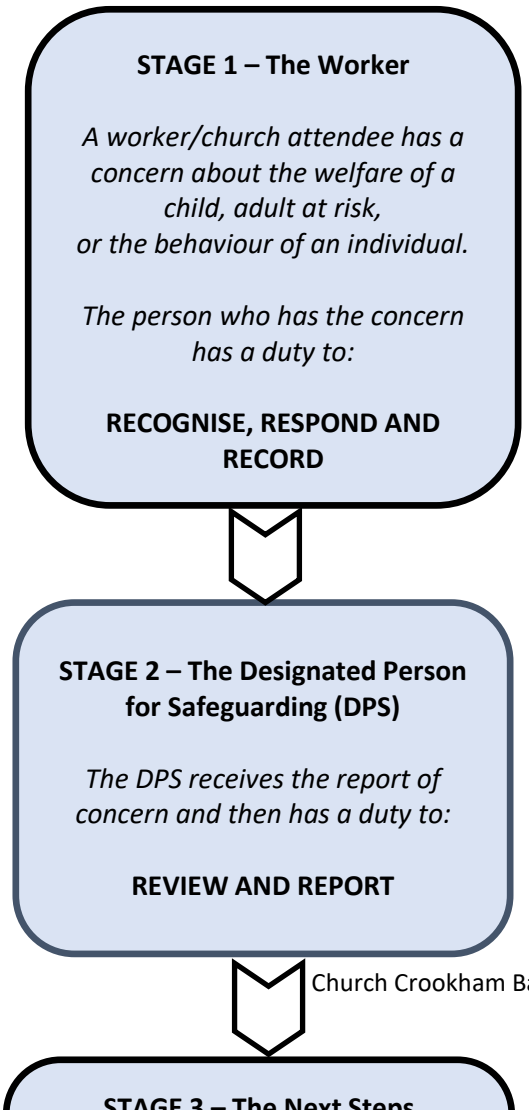

- If the behaviour of a child or adult at risk gives any cause for concern
- If an allegation is made in any context about a child or adult at risk being harmed
- If the behaviour of any individual towards children or adults at risk causes concern

WHAT TO DO	WHAT NOT TO DO

• Listen to and acknowledge what is being said.
• Try to be reassuring & remain calm.
• Explain clearly what you will do and what will happen next.
• Try to give them a timescale for when and how you / the DPS will contact them again.
• Take action – don't ignore the situation.
• Be supportive.
• Tell them that:
  • They were right to tell you;
  • You are taking what they have said seriously;
  • That you may need to pass this information on to the appropriate people;
  • Be open and honest.
  • Give contact details for them to report any further details or ask any questions that may arise.
	• Do not promise confidentiality.
	• Do not show shock, alarm, disbelief or disapproval.
	• Do not minimise what is being said.
	• Do not ask probing or leading questions or push for more information.
	• Do not offer false reassurance.
	• Do not delay in contacting the DPS
	• Record accurately what has been disclosed.
	• Do not contact the alleged abuser.
	• Do not investigate the incident any further.
	• Never leave a child or adult at risk waiting to hear from someone without any idea of when or where that may be.
	• Do not pass on information to those who don't need to know, not even for prayer ministry.

2.1.2 Responding to Concerns

When there are concerns that a child, young person or adult is being abused, the following process must be followed.

A record must be made of the concern, either handwritten or typed. If you have one, use a standard incident report form, if not write your notes on any paper or device available to you. Either way pass your concerns to the DPS within 24 hours. Do not delay reporting your concerns to the DPS because you do not have an incident form available.

The written record should: be made as soon as possible after the event; be legible; include the name, date of birth and address of the child or adult at risk; include the nature of any concerns and description of any bruising or injuries that have been noticed; include an exact record of what the child or adult at risk has said, using their own words where possible; include any action taken; be signed and dated; be kept secure and confidential (available only to the DPS and others responsible for safeguarding).

The report will be reviewed by the DPS with any other relevant information and a decision will be taken (often in liaison with others) as to what action should follow. Any formal referral to the police or Social Services should normally be made within 24 hours of receiving the report.

The DPS will make the Regional Safeguarding Lead aware of any referrals to the statutory authorities.

Pastoral support should be offered to all parties affected by any safeguarding concerns (this could be the church as a whole, but more specifically victims; alleged perpetrators; children; adults at risk; other family members; church workers; the DPS; Pastor; members of the leadership team.

Where formal referrals are made, reports may need to be made to the Disclosure and Barring Service (DBS) and the Charity Commission.

If the DPS is not available, or is implicated in the situation, any reports or concerns should be passed to another member of the church Safeguarding Team.

If you think that anyone is in imminent danger of harm, a report should be made immediately to the police by calling 999.

2.1.3 Responding to Concerns Raised about Adults at Risk

When a concern is raised about an adult it should be treated in the same way as a concern about a child, therefore the person with the concern should:

1) **Recognise** that abuse may be taking place.
2) **Respond** to the concern.
3) **Record** all the information they have received.
4) **Report** the concern to the DPS who may, in turn, report it to the statutory authorities.

The Care Act 2014 provides helpful guidance on these situations:

"If the adult has the mental capacity to make informed decisions about their safety and they do not want any action to be taken, this does not preclude the sharing of information with relevant professional colleagues. This is to enable professionals to assess the risk of harm and to be confident that the adult is not being unduly influenced, coerced or intimidated and is aware of all the options. This will also enable professionals to check the safety and validity of decisions made. It is good practice to inform the adult that this action is being taken unless doing so would increase the risk of harm".

It is not your role to decide whether someone has mental capacity and is therefore able to make decisions that impact on their safety and well-being. Decisions on mental capacity are best made by professionals with the relevant background information to hand. Always share your concerns with the DPS even if you do not have the consent of the adult to do so – in this instance, make sure the DPS knows that the person concerned has not given consent for the information to be passed on.

The DPS will consider all the information to hand and decide whether it is appropriate for the information to be reported to the statutory authorities. If there are any concerns about an adult's mental capacity, the DPS will contact the Local Authority Adult Safeguarding Team for advice.

2.1.4 Allegations Against Workers

If you see another worker acting in ways which concerns you or might be misconstrued, speak to the DPS about your concerns as soon as you can. This includes the actions or behaviours of those in leadership positions in the church.

Church workers should encourage an atmosphere of mutual accountability, holding each other to the highest standards of safeguarding practice. The following procedure should be followed:

1) When an allegation of abuse has been made do not approach the alleged perpetrator about it.
2) Follow the usual safeguarding procedure: **Recognise, Respond, Record, Report.**
3) Once the allegation has been reported to the DPS they can liaise with the relevant statutory authority and with the regional association Safeguarding Lead if they need further advice.
4) Whilst waiting for an outcome from the statutory authorities, the worker about whom concerns have been raised will be supervised as closely as possible, without raising suspicion.
5) Once the statutory authorities are involved, the church will follow their advice with regard to the next steps to take (for example suspension of worker, putting a contract in place).
6) A written record of all discussions with statutory authorities or other parties should be maintained by the DPS and stored securely and confidentially, where only those directly involved in safeguarding (DPS, Safeguarding Trustee, Pastor) can access them.
7) No information about the allegation will be shared with people in the church other than those directly involved in safeguarding; not even for prayer purposes.

The suspension of a worker following an allegation is, by definition, a neutral act. Our priority as a church is to protect children and adults at risk from possible further abuse or from being influenced in any way by the alleged perpetrator. If the church is considering suspending a paid worker pending an investigation then it is best to seek support from the Regional Safeguarding Lead in the first instance.

It may be necessary, for the sake of the child / adult at risk or to satisfy the needs of an investigation, for the alleged perpetrator to worship elsewhere. In such cases the DPS at the new church will be informed of the reasons for this happening.

When concerns are expressed about the Pastor

Any safeguarding concerns involving the Pastor should always be reported immediately to the Regional Safeguarding Lead in addition to following the church's usual procedures. Do not tell the Pastor that a concern has been raised about them.

When concerns are expressed about the church DPS / Safeguarding Trustee

Any safeguarding concerns involving the DPS or Safeguarding Trustee should be raised with the Pastor (if appointed), they in turn should consult the Regional Safeguarding Lead. If there is no Pastor in post, then the mater should be raised directly to the Regional Safeguarding Lead. Do not tell the DPS / Safeguarding Trustee that a concern has been raised about them.

2.1.5 Abuse of Trust

Relationships between children and adults at risk and their church workers can be described as 'relationships of trust'. The worker is someone in whom the child or adult at risk has placed a degree of

trust. This may be because the worker has an educational role, is a provider of activities, or is even a significant adult friend. It is not acceptable for a church worker to form a romantic relationship with a child or adult at risk with whom they have a relationship of trust.

While by no means restricted to young leaders, those who are in their early adult years will need to be particularly aware of the need not to abuse their position of trust in their relationships with other young people who are not much younger than themselves.

2.1.6 Allegations Made Against Children and Adults at Risk

Children and young people are by nature curious about the opposite sex. However, where a child is in a position of power, or has responsibility over another child (as in a babysitting arrangement) and abuses that trust through some sexual activity, then this is abusive. Where one child introduces another child to age-inappropriate sexual activity or forces themselves onto a child, this is abusive. This is sometimes referred to as Peer-on-Peer Abuse or Child on Child Abuse. Such situations will be taken as seriously as if an adult were involved, because the effects on the child victim can be as great.

When such an instance occurs, they will be investigated by the statutory authorities in the same way as if an adult were involved, although it is likely that the perpetrator may also be regarded as a victim in their own right, as they may have also been abused. It cannot be assumed that young people will grow out of this type of behaviour, as most adult sex offenders started abusing in their teens or even younger.

Allegations against adults at risk will be investigated by the statutory authorities. If the alleged perpetrator is unable to understand the significance of questions put to them or their replies, they can access support from an 'appropriate' adult whilst they are being questioned.

When an allegation is made against a child or adult at risk the following procedure should be followed:

1) Do not approach the person about whom the allegation has been made or their parents / carers.
2) Follow the church's safeguarding procedure: **Recognise, Respond, Record, Report.**
3) Seek advice from the DPS, who will speak to the police or social services about when to inform a parent. The DPS will also seek advice about what steps need to be taken to ensure the needs of both the victim and alleged perpetrator are met; this may include placing the child or adult at risk on a Safeguarding Contract or equivalent.
4) Make sure there is pastoral support in place for the child or adult at risk throughout the process involved.

2.1.7 Pastoral Care

Following an allegation / suspicion

When an allegation/suspicion arises in the church, a period of investigation will follow, which will be stressful for all involved. The church will ensure that one person is responsible for dealing with the authorities, another offers support to the victim/s and their family, and another gives pastoral care to the alleged perpetrator, without compromising the alleged victims or their families. It may be necessary to appoint other people to support the families involved.

Where a statutory investigation is under way, this support will be provided with the knowledge of the statutory authority involved.

Where the perpetrator accepts some responsibility, they will be encouraged to seek specialised interventions/treatment to reduce the risk of re-offending. This may only be appropriate once the investigation and legal processes have been completed. It may be necessary to signpost individuals to specialist support. The DPS has a list of relevant local information and contacts, ready for anyone who may need it.

2.2 SAFER RECRUITMENT

As a church, we are committed to safer recruitment practices. When recruiting both paid and volunteer church workers, the following process will be applied:

1) We will always appoint church workers from within the church membership / regular attendees, and the leadership / trustees will oversee such appointments.
2) If relevant, 2 references will be taken up (with at least one being from outside the church).
3) An enhanced DBS check must be completed satisfactorily before the appointed person starts in their role if this involves working with children, young people or adults at risk. This must be repeated as frequently as required by the Baptist Union (currently 5 years).
4) If a volunteer is working with children or young people on more than 3 days in a 30-day period (or overnight), they must hold an Enhanced DBS with Barred List check to comply with current legislation.
5) We can accept a DBS carried out by another organisation for an equivalent role by using the DBS update service. This will be checked on the same frequency as the Baptist Union requires (currently 5 years). The original issued certificate must be seen and permission given by the certificate holder to check the update service.
6) Safeguarding training will be completed within 6 months of starting the role, having read the Gateway to Level 2 Excellence document as an interim measure. This safeguarding training should be repeated at least every 4 years as advised by the Baptist Union.

Note: Under the Criminal Justice and Court Services Act 2000, it is an offence for anyone disqualified from working with children or adults at risk to knowingly apply, accept or offer to work with children or adults at risk. It is also a criminal offence to knowingly offer work with children or adults at risk to an individual who is so disqualified or to knowingly allow such an individual to continue to work with children or adults at risk.

Young helpers under 18 years of age

In law, young helpers under the age of 18 are children and cannot be treated as adult members of a team. Training and mentoring will be given to ensure that they are helped to develop and hone their skills, attitudes and experience. Young helpers must always be closely supervised by an adult leader and never given sole responsibility for a group of children. When considering ratios of staff to children, young helpers need to be counted as children, not leaders. The safeguarding procedures apply to a young helper just as they do to any other person. Parent / carer permission needs to be sought for young helpers to attend an event or help with a children's group just as you would for any other person under 18 years of age.

2.3 SAFER BEHAVIOUR

The church has a Code of Behaviour for all those working with children and/or adults at risk so that everyone is shown the respect that is due to them:

- Treat everyone with dignity and respect.
- Think about language and tone of voice that you are using when engaging with children, young people and adults at risk. Be aware of your body language and the effect you are having on the those you are working with. This applies to both in person and online interactions.
- Listen well to everyone. Be careful not to assume you know what a child or adult at risk is thinking or

feeling. Listen to what is being spoken and how it is said. At the same time, observe the individual's body language to better understand what is being said.

- Be aware of any physical contact you may have with a child or adult at risk and record it when necessary. For instance, if you need to stop a fight, administer First Aid, give a hug to someone in distress, or protect yourself or others from danger.
- Do not make sexually suggestive comments about or to a child or adult at risk, even in 'fun'.
- Do not scapegoat, belittle, ridicule or reject a child or adult at risk.
- Keep a record of any significant incidents or concerns on a Safeguarding Incident Form. Enter the names of all those present and anything of note which you observe, e.g. details of any fights broken up by the workers, allegations made, etc. All workers who witnessed the incident, overheard it or responded in any way should record the details and sign and date the form.

Specific considerations when working with children:

- Do not invade the privacy of children when they are using the toilet.
- The level of assistance with personal care (e.g. toileting) must be appropriate and related to the age of the child, whilst also accepting that some children have special needs. Ensure 2 adults are present if a child needs extra assistance. Ask parents to come and change a child if this is required.
- Avoid rough games involving physical contact between a worker and a child.
- Avoid sexually provocative games.
- When it is necessary to discipline children, this should be done without using physical punishment. There may, however, on the rare occasion be circumstances where a child needs to be restrained in order to protect them or a third person. If this happens, it should be reported, in writing to the DPS.
- Only invite children and young people to your home or on trips in groups and always make sure that another DBS checked worker is present.
- Notify the DPS of any children's trips which take place in the name of the church. Parental permission must always be sought.
- Do not give lifts to children or young people on your own. Ensure that if transporting children as part of your church role, you have the correct insurance cover in place as well as parental permission. No person under 18 years of age should be left in sole charge of any children of any age. Nor should children or young people attending a group be left alone at any time.

No one should normally be left working alone with children, young people or adults at risk, but should instead work as part of a team. If there are insufficient leaders for groups:

- Internal doors should be left open.
- At least two people should be present before external doors are opened for an event.
- A suitable adult should be asked to assist the group on a "one-off basis". If the person becomes a regular helper (see definition of worker), they must be DBS checked.

If a child or adult at risk wants to talk on a one-to-one basis you should make sure that:

- The conversation is held in a room where other people are present.
- The door is left open if you are in a room on your own.
- Another team member knows where you are.
- Confidentiality is not promised.

SECTION 3 - BEST PRACTICE GUIDELINES

3.1 – WORKING WITH CHILDREN

3.1.1 Ratios

When working with children the following recommended minimum ratios of workers to children apply:

Age range	Recommended minimum ratio for INDOOR activities	Recommended minimum ratio for OUTDOOR activities
0 – 2 years	1:3 (minimum 2)	1:3 (minimum 2)
3 years	1:4 (minimum 2)	1:4 (minimum 2)
4 – 7 years	1:8 (minimum 2)	1:6 (minimum 2)
8 – 12 years	2 adults for up to 20 children (preferably one of each gender) with an extra adult for every 10 additional children	2 adults for up to 15 children (preferably one of each gender) with an extra adult for every 8 additional children
13 years and over	2 adults for up to 20 children (preferably one of each gender) with an extra adult for every 10 additional children	2 adults for up to 20 children (preferably one of each gender) with an extra adult for every 10 additional children

3.1.2 Children with Additional Support Needs

Children and young people who have additional support needs can be at greater risk of abuse. They could require more help with personal care, such as washing, dressing, toileting, feeding, mobility, etc. Some children may have limited understanding and behave in a non-age-appropriate way. In these situations we will speak with the parents/carers of children/young people with additional support needs and find out from them how best to assist the child or young person.

3.1.3 Digital Communication with Young People

Safe Communication

Adult workers should not have any form of electronic communication with young people or children in the church. This includes emailing, messaging or social media. All communication should be made through the parents.

Taking Videos and Photographs of Children

Photographs of children will not be taken without the explicit prior consent of their parents.

3.2 WORKING WITH ADULTS AT RISK

3.2.1 Premises

The church building will be made as accessible as possible to all people. Any restrictions to access, visibility, audibility, toilet facilities, lighting or heating will be addressed wherever possible, and where necessary, aids and adaptations put in place.

3.2.2 Language

Every effort will be taken to use appropriate language and suitable vocabulary, enabling the greatest level of inclusivity and accessibility. We will be mindful of the language used within worship and the language used to describe people (such as derogatory words focusing on aspects of someone's disability, race or sexuality rather than the person themselves).

3.2.3 Record keeping

It is good practice to record pastoral visits or meetings, noting the date, time, location, subject and any actions which are to be taken. The record of these meetings should stick to facts and try to avoid opinion. Any records of safeguarding allegations, concerns or disclosures should be passed on to the DPS and stored in a safe and secure manner for at least 75 years.

3.2.4 Pastoral Relationships

All those involved in pastoral ministry should work in a way that follows clearly defined procedures, which set out the boundaries to protect those carrying out the pastoral ministry as well as those receiving it:

- Workers should be aware of the innate power imbalance within pastoral relationships and the potential for abuse of trust.
- Behaviour that suggests favouritism or gives the impression of a special relationship, should be avoided.
- Workers should be mindful of any physical contact or greeting they use within a pastoral relationship, seeking consent if physical contact is offered, for example as a means to offer comfort.
- All people receiving pastoral ministry should be treated with respect and should be encouraged to make their own decisions about any actions or outcomes.
- Workers need to recognise the limits of their own abilities and competencies and get further help when working with situations outside of their expertise or role.
- Workers should seek advice from the DPS if they believe that someone they are pastorally supporting is becoming dependent on them or developing an inappropriate emotional attachment.
- Workers should refer to the Lone Worker Policy and Pastoral Visiting Policy for further guidance (available on the CCBC website).

3.3 HEALTH AND SAFETY – Safer Practice and Safer Premises

3.3.1 Consent forms

It is essential that we have important information about all children and young people involved in any activities at the church, which is recorded on our consent forms**.** The first week someone attends, workers must record their name, medical emergency information and a contact name and number. This information must be stored securely in a locked cabinet for GDPR purposes.

3.3.2 Health and Safety

Buildings being used for children's and adult at risk groups will be properly maintained. A representative from the teams involved will take part in an annual health and safety review in order to consider all aspects of safety for everyone involved in using the premises.

3.3.3 Fire

It is the responsibility of all group leaders/responsible persons within the building to ensure the safety of themselves and those who are in their care. In addition, it is a legal requirement that all group leaders/responsible persons are familiar with the emergency procedures in the event of a fire.

3.3.4 First Aid

We have at a first aid kit as well as an incident reporting book, which must be completed in the event of any accidents, injuries, or incidents. A nominated individual will ensure that the contents of the first aid kits are checked on a regular basis. Completed accident forms should be passed on to the nominated individual.

3.4 SAFER COMMUNITY

3.4.1 Working with Alleged or Known Offenders

When it is known that a person who has been convicted of abusing children, young people or adults is attending our church, it is important that their behaviour within the church community is properly managed and that a contract is put in place. There are also times when it will be appropriate to take such measures with a person who has faced allegations of abuse but hasn't been convicted.

In determining the details of the contract:

- The DPS will inform and take advice from the Regional Safeguarding Lead.
- A risk assessment will be undertaken with the help of the Regional Safeguarding Lead to determine the contents of the Safeguarding Contract using the BUGB safeguarding risk assessment tool.
- There will be a discussion about who should be informed about the nature of the offence and the details of the contract.
- The rights of the offender to re-build their life without people knowing the details of their past offence should be balanced against the need to protect children, young people and adults at risk.
- The members of the church Safeguarding Team will always be informed.
- The DPS should determine whether the person is subject to supervision or is on the Sex Offenders' Register. If so, the DPS should contact the offender's specialist probation officer (SPO) who will inform the church of any relevant information or restrictions that they should be aware of.

An open discussion will be held with the person concerned which will contribute to the risk assessment and in which clear boundaries are established for their involvement in the life of the church. A written contract will be drawn up which identifies appropriate behaviour. The person will be required to sign the contract and it will be monitored and enforced. If the contract is broken certain sanctions will be discussed and considered with the Regional Safeguarding Lead.

APPENDIX 1 - DEFINITIONS OF ABUSE

Understanding, Recognising and Responding to Abuse

Abuse and neglect are forms of maltreatment of a child or adult at risk. Somebody may abuse or neglect a child or adult by inflicting harm, or by failing to act to prevent harm. Children and adults at risk may be abused in a family, or in an institutional or community setting; by those known to them or, more rarely, by a stranger. They may be abused by an adult or adults or a child or children. There are many different ways in which people suffer abuse. The list below is, sadly, not exhaustive.

Type of abuse	Child	Adult at risk
Physical	Actual or likely physical injury to a child, or failure to prevent physical injury to a child.	To inflict pain, physical injury or suffering to an adult at risk.
Emotional	The persistent, emotional, ill treatment of a child that affects their emotional and behavioural development. It may involve conveying to the child that they are worthless and unloved, inadequate, or that they are given responsibilities beyond their years.	The use of threats, fear or power gained by another adult's position, to invalidate the person's independent wishes. Such behaviour can create very real emotional and psychological distress. All forms of abuse have an emotional component.
Sexual	Involves forcing or enticing a child to take part in sexual activities, whether or not the child is aware of what is happening. This includes non-contact activities, such as involving children in looking at, or in the production of, pornographic material or watching sexual activities, or encouraging children to behave in sexually inappropriate ways.	Any non-consenting sexual act or behaviour. No one should enter into a sexual relationship with someone for whom they have pastoral responsibility or hold a position of trust.
Neglect	Where adults fail to care for children and protect them from danger, seriously impairing health and development.	A person's wellbeing is impaired and their care needs are not met. Neglect can be deliberate or can occur as a result of not understanding what someone's needs are.

Type of Abuse	**Additional Definitions**
Financial	The inappropriate use, misappropriation, embezzlement or theft of money, property or possessions.
Spiritual	The inappropriate use of religious belief or practice; coercion and control of one individual by another in a spiritual context; the abuse of trust by someone in a position of spiritual authority (e.g. Pastor). The person experiences spiritual abuse as a deeply emotional personal attack.
Discrimination	The inappropriate treatment of a person because of their age, gender, race, religion, cultural background, sexuality or disability.

Institutional	The mistreatment or abuse of a person by a regime or individuals within an institution. It can occur through repeated acts of poor or inadequate care and neglect, or poor professional practice or ill-treatment. The church as an institution is not exempt from perpetrating institutional abuse.
Domestic Abuse	Domestic abuse is any threatening behaviour, violence or abuse between persons aged 16 or above who are or have been in a relationship, or between family members. It can affect anybody regardless of their age, gender, sexuality or social status. Domestic abuse can be physical, sexual or psychological, and whatever form it takes, it is rarely a one-off incident. Usually there is a pattern of abusive, coercive and controlling behaviour where an abuser seeks to exert power over their family member or partner. The Domestic Abuse Act 2021 identifies children who see, hear or experience the effects of domestic abuse as victims in their own right.
Online abuse	The use of information technology (email, mobile phones, websites, social media, instant messaging, chatrooms, etc.) to repeatedly harm or harass other people in a deliberate manner. The Online Safety Bill, 2021, introduces new rules for internet search engines and firms who host user-generated content, i.e. those which allow users to post their own content online or interact with each other. Those platforms which fail to comply with the rules could face penalties of up to 10% of their revenue, and in the most serious cases some may even be barred from operating.
Self-harm	Self-Harm is the intentional damage or injury to a person's own body. It is used as a way of coping with or expressing overwhelming emotional distress. An individual may also be neglecting themselves, which can result in harm to themselves.
Mate crime	'Mate crime' is when people (particularly those with learning disabilities) are befriended by members of the community, who go on to exploit and take advantage of them.
Cuckooing	Cuckooing is the term used to describe occasions where the homes of adults at risk are taken over and used to distribute drugs or as a base for gang or criminal activities. The tenant may believe that the people who are in their home are their friends.
Modern Slavery	Modern slavery is the practice of treating people as property; it includes bonded labour, child labour, sex slavery and trafficking. In the UK we see examples of this through County Lines, Child Sexual Exploitation and forced labour.
Human Trafficking	Human trafficking is when people are bought and sold for financial gain and/or abuse. Men, women and children can be trafficked, both within their own countries and over international borders. The traffickers will trick, coerce, lure or force these vulnerable individuals into sexual exploitation, forced labour, street crime, domestic servitude or even the sale of organs and human sacrifice.
Radicalisation	The radicalisation of individuals is the process by which people come to support any form of extremism and, in some cases, join terrorist groups. Some individuals are more vulnerable to the risk of being groomed into terrorism than others.
Honour / Forced Marriage	An honour marriage / forced marriage is when one or both of the spouses do not, or cannot, consent to the marriage. There may be physical, psychological, financial, sexual and emotional pressure exerted in order to make the marriage go ahead. The motivation may include the desire to control unwanted behaviour or sexuality.

Female Genital Mutilation	Female genital mutilation (FGM) comprises all procedures involving partial or total removal of the female external genitalia or other injury to the female genital organs for non-medical reasons as defined by the World Health Organisation (WHO). FGM is a cultural practice common around the world and is largely performed on girls aged between 10 and 18. Performing acts of FGM is illegal in the UK as is arranging for a child to travel abroad for FGM to be carried out.
Peer-on-Peer Abuse	Peer-on-peer abuse is where sexual abuse takes place between children of a similar age or stage of development.
Child on Child Abuse	Child on Child abuse is when a child abuses another child of any age or stage of development
Historic Abuse	Historic abuse is the term used to describe disclosures of abuse that were perpetrated in the past. Many people who have experienced abuse don't tell anyone what happened until years later, with around one third of people abused in childhood waiting until adulthood before they share their experience.

Whilst it is not possible to be prescriptive about the signs and symptoms of abuse and neglect, the following list sets out some of the indicators which might be suggestive of abuse:

- unexplained injuries on areas of the body not usually prone to such injuries
- an injury that has not been treated/received medical attention
- an injury for which the explanation seems inconsistent
- a child or adult at risk discloses behaviour that is harmful to them
- unexplained changes in behaviour or mood (e.g. becoming very quiet, withdrawn or displaying sudden bursts of temper)
- inappropriate sexual awareness in children
- signs of neglect, such as under-nourished, untreated illnesses, inadequate care.

It should be recognised that this list is not exhaustive and the presence of one or more indicators is not in itself proof that abuse is actually taking place. It is also important to remember that there might be other reasons why most of the above are occurring

APPENDIX 2 – DETAILED GUIDANCE ON REPORTING REQUIREMENTS

STAGE 1 – THE WORKER

The duty of the person who receives information or who has a concern about the welfare of a child, young person or adult at risk is to RECOGNISE the concerns, make a RECORD in writing and RESPOND by passing on their concerns to the DPS. If he/she is not contactable, or they are implicated in the situation, another member of the church Safeguarding Team should be contacted instead.

Concerns should be passed on to the DPS within 24 hours of it being raised. If anyone is considered to be in imminent danger of harm, a report should be made immediately to the police by calling 999. If such a report is made without reference to the DPS, they should be informed as soon as possible afterwards.

A written record using the standard incident report form should be made as soon as possible after a child or adult at risk tells you about harmful behaviour, or an incident takes place that gives cause for concern.

The record should:

- be written as soon as possible after the event
- be legible and state the facts accurately (when hand-written notes are typed up later the original hand-written notes should be retained)
- include the child or adult at risk's name, address, date of birth (or age if the date of birth is not known)
- include the nature of the concerns/allegation/disclosure
- include a description of any bruising or other injuries that you may have noticed
- include an exact record of what the child or adult at risk has said, using their own words where possible
- include what was said by the person to whom the concerns were reported
- include any action taken as a result of the concerns
- be signed and dated
- be kept secure and confidential and made available only to the church Safeguarding Team (including the church Pastor), representatives of any statutory authorities involved and the local Baptist association.

If concerns arise in the context of children's or adult at risk work, the worker who has the concern may in the first instance wish to talk it through with their group leader, where appropriate. However, such conversations should not delay concerns being passed on to the DPS. It should be clear that the duty remains with the worker to record and pass on their concerns to the DPS.

If an issue concerns an adult at risk who does not give permission to pass on the information to anyone else, the worker should explain that they will need to speak with the DPS, who will have greater expertise in dealing with the issue at hand.

If a concern is brought to the attention of a group leader by one of the workers, the leader should remind the worker of their duty to record and report, and will also themselves have a duty to pass on the concern to the DPS.

STAGE 2 – THE DESIGNATED PERSON FOR SAFEGUARDING (DPS)

The duty of the DPS on receiving a report is to REVIEW the concern that they have received and REPORT the concern on to the appropriate people, where necessary.

The duty to REVIEW

In reviewing the report that is received, the DPS:

- should take into account their level of experience and expertise in assessing risk to children or adults at risk.
- must take into account any other reports that have been received concerning the same individual or family.
- may speak with others in the church where appropriate (including the Pastor and church Safeguarding Team, unless allegations involve them) who may have relevant information and knowledge that would impact on any decision being made. Such conversations should not lead to undue delay in taking any necessary action.
- may consult with other agencies to seek guidance and advice in knowing how to respond appropriately to the concerns that have been raised.

The duty to REPORT

The DPS will decide who the report should be referred on to, working in conjunction with the church Safeguarding Team where appropriate. They may:

- refer back to the worker who made the initial report if there is little evidence that a child or adult at risk is being harmed, asking for appropriate continued observation.
- refer the concern to others who work with the child or adult at risk in question, asking for continued observation where appropriate.
- Inform parents / carers under certain circumstances, where doing so would not present any further risk of harm.
- Make a formal referral to the police or local Social Services team. With adults at risk, confidentiality means that someone's personal business is not discussed with others, except with their permission. This is not always possible when considering passing relevant information about abuse or concerns to the statutory authorities, however, it is possible to keep the information confidential to the relevant parties. This means not telling or hinting to others what has been disclosed, not even for prayer ministry purposes. For adults at risk, concerns will only be referred to the police or Social Services without consent where:
    - the person lacks the mental capacity to make such a choice
    - there is a risk of harm to others
    - in order to prevent a crime
- If an allegation is made against someone who works with children* the allegation should be reported to the Local Authority Designated Officer (LADO) or equivalent. The LADO is located within Children's Services and should be alerted to all cases in which it is alleged that a person who works with children has:
    - behaved in a way that has harmed, or may have harmed, a child
    - possibly committed a criminal offence against children, or related to a child
    - behaved towards a child or children in a way that indicates s/he is unsuitable to work with children.

- If an allegation is made against someone who works with adults at risk*, it should be reported to the police or Adult Social Services.

  **If a worker has an allegation made against them, they should step down from all church duties until the incident has been investigated by the statutory authorities. It may also be appropriate to put a Safeguarding Contract in place; this should be discussed with the local Regional Safeguarding Lead.*

- Whenever a formal referral is made to the police, Social Services or LADO, the DPS should report the referral to:
  - The Safeguarding Trustee
  - The Pastor
  - Regional Safeguarding Lead

A record should be kept of all safeguarding incidents and should be considered in the annual review of the church's safeguarding policy. All original reports should be retained safely and securely by the DPS and a written record should be made of the actions taken.

STAGE 3 – THE NEXT STEPS

Responsibilities to **REPORT** and **SUPPORT** in stage 3 of the process are shared by the church Safeguarding Team and the Minister.

The duty to SUPPORT

Once concerns, suspicions and disclosures of abuse have been addressed, the church continues to have a responsibility to offer support to all those who have been affected, including:

Victims; Alleged perpetrators; Children; Adults at risk; Other family members; Church workers; Church Safeguarding Team; Pastor; Leadership Team.

The duty to REPORT

If a church worker has been accused of causing harm to children, young people or adults at risk this would be classed as a serious incident that should be reported to the Charity Commission by those churches that are registered with the Charity Commission.

If a worker has been removed from their post or would have been removed from their post because of the risk of harm that they pose to children, young people or adults at risk, there is also a statutory duty to report the incident to the Disclosure and Barring Service (DBS).
